

It has come to our attention that the FCC has introduced a new broadcast service known as LPFM that would make the station K-LOVE inaccessible to thousands of listeners! We love K-LOVE and support them every month with a donation to keep the station going based on the support that they provide the community with. K-LOVE is a family oriented station that is uplifting, safe (requires no 7-second delay), and inspiring for many. They provide free phone accessible counseling for anyone in need. If K-LOVE is displaced by an LPFM broadcaster providing other programming many listeners will lose this valuable community outreach and positive source of inspiration. They also keep the community in touch with local upcoming events and attractions. PLEASE don't take this service away by forcing them off the air!!
